

106 KEY "TRACKERBOARD" with 50mm trackball

KBLT106

The unit features a full MF (multi-functional) keyboard with separate numeric-, cursor- and control keypads. The large, robust industrial grade trackball has a ball diameter of 50 mm and allows highest precision in cursor control. The keyboard part is sealed to IP65, the self-adjusting PTFE seal of the trackball enables an IP65 static (ball in rest) protection grade. Colour scheme and legend styling fit with the most recent industrial computer equipment.

Panel mount version : Front panel mounting by means of eight M4-threaded studs. Operation of the keyboard and trackball is possible at all mounting angles (from horizontal to vertical). Metal covers on the backside protect the mechanical- and electrical components.

Enclosed version : The keyboard and trackball are combined in one compact, robust steel enclosure. The unit has been designed to be used as desktop model.
